HPS Loadbanks Announces Portable Loadbank Rentals

New Cannon 100kw Resistive Portable Loadbanks Now Available

San Diego, CA (June 19, 2013) – HPS Loadbanks (HPS), a national leader in loadbank rentals, announces the expansion of its loadbank rental fleet with the addition of portable resistive loadbanks. The compact, dual voltage 100kw Cannon® loadbank is perfectly suited for testing and routine maintenance of smaller generators and UPS systems.

HPS Director of Sales and Marketing, Kirk Fowkes, says: “Renting a dependable, compact portable loadbank has never been easier. With the new Cannon 100kw resistive loadbank, you get the best of both worlds. At just 60lbs, this high quality unit is built for easy transport in a roller suitcase.”

General Manager of HPS, Brian Cleary, continues, “Our new portable loadbank rental customers can join our FREE RentalRewards® Program. VIP members receive special discounts, rewards and premier services including priority access to our rental inventory. Customers can start enjoying rewards immediately with every new portable loadbank rental.”

Learn more about renting the portable Cannon 100kw loadbank and how to register for the HPS RentalRewards VIP program at www.hpsloadbanks.com.

About HPS Loadbanks

Based in San Diego, CA, HPS Loadbanks is the leading authorized distributor of Crestchic® loadbanks in North America and a recognized premier dealer of Vantran® transformers.
